22. Process for Members opting for e-Voting

Voting through electronic means: The Company is pleased to provide members a facility to exercise their right to vote on all the resolutions as set out in the Notice by 'electronic means' and all the businesses may be transacted through e-Voting services provided by National Securities Depository Limited (NSDL), in compliance with the provisions of Section 108 of the Companies Act, 2013 Read with Rule 20 of the Companies (Management and Administration) Rules, 2014 and the Regulation 44 (1) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

(A) The instructions for e-Voting are as under:

In case of members' receiving e-mail from NSDL [for members whose email IDs are registered with the Company / Depository Participant(s)]:

- (i) Open e-mail and then open PDF file viz., "ESAB India Limited e-Voting.pdf" with their Client ID or Folio No. as password. The said PDF file contains the User ID and password for e-Voting. Please note that the password is an initial password.
- (ii) Launch internet browser by typing the following URL in the address bar: www.eVoting.nsdl.com.
- (iii) Click on shareholder - Login.
- (iv) Enter User ID and password as initial password noted in step (i) above. Click Login.
- (v) Password change menu appears. Change the password with new password with minimum 8 digits / characters or combination thereof. Note the new password. It is strongly recommended not to share the password with any other person and take utmost care to keep the password confidential.
- (vi) Home page of e-Voting opens. Go to "e-Voting" icon and select "Active Evoting Cycles".
- (vii) Select "EVEN" of ESAB INDIA LIMITED.
- (viii) Now members are ready for e-Voting as Cast Vote page opens.
- (ix) Cast the vote by selecting appropriate option and click on "Submit" and also "Confirm" when prompted.

(x) Upon confirmation, the message "Vote cast successfully" will be displayed.

(xi) Once the member has voted on the resolution, such member will not be allowed to modify their vote, subsequently.

(xii) Institutional members (i.e. other than individuals, HUF, NRI etc.) are required to send scanned copy (PDF / JPG Format) of the relevant board resolution / authority letter etc. together with attested specimen signature of the duly authorized signatory(ies), who are authorized to vote, to the Scrutinizer through e-mail to mareshvenki@vmacs.co.in with a copy marked to evoting@nsdl.co.in.

NSDL has now integrated its e-services website (<http://eservices.nsdl.com/>) with the aforesaid remote e-Voting system of NSDL, which enables you as registered user of IDeAS facility to also access remote e-Voting system of NSDL for casting your votes by using your existing login credentials viz. User ID and password for IDeAS facility. Thus, you would not be required to log in to remote e-Voting system separately for casting votes in respect of the resolutions of Companies.

(B) In case of members receiving physical copy of the Notice

- (i) Initial password is provided at the bottom of the attendance slip

EVEN (e-Voting number)	USER ID	PASSWORD/ PIN

- (ii) Please follow all steps from Sl. No. (ii) to Sl. No. (xii) of above to cast vote.

In case of any queries, members may refer to the Frequently Asked Questions (FAQs) for Members and e-Voting user manual for Members available at downloads section of www.evoting.nsdl.com or contact NSDL at the following Telephone No: 022- 24994600.

If members are already registered with NSDL for e-Voting, then they can use their existing user ID and password for casting the vote. Members can also update their mobile number and e-mail id in the user profile details of the folio which may be used for sending future communication(s).

The e-Voting period commences on 06 August, 2018 9.00 a.m. and ends on 08 August, 2018 5.00 p.m. During this period, members holding shares either in

physical form or in dematerialized form, at the end of business as on 02 August, 2018, may cast their votes electronically. The e-Voting module will be disabled by NSDL for voting thereafter. Once the vote on a resolution is cast by a member, such member will not be allowed to change it subsequently. The Scrutinizer shall within a period not exceeding three working days from the conclusion of the e-Voting period unblock the votes in the presence of at least two witnesses not in the employment of the Company and make a Scrutinizer's Report of the votes cast "in favour" or "against", if any, forthwith to the Chairman of the Company.

The Results declared along with the Scrutinizer's Report will be placed on the Company's website www.esabindia.com and on the website of NSDL within two days of passing of the resolutions communicated to the Stock Exchanges.

All documents referred to in the accompanying Notice and the Explanatory Statement will be open for inspection at the Registered Office of the Company from 10.00 am to 12.00 noon on all working days up to the date of the AGM.

The Board of Directors at its meeting held on 30 May, 2018 appointed the scrutinizer for e-Voting as per details given below :

6. The Directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

13. MANAGEMENT DISCUSSION AND ANALYSIS

ECONOMIC & BUSINESS ENVIRONMENT

The financial year under review continued to be challenging and eventful in terms of the business environment. The Government introduced a significant change in terms of introduction of Goods and Services Tax. Despite teething troubles in the GST infrastructure, low level of preparedness in some segments and multiple changes in the procedural aspects of the law, this change is expected to help the organized sector with better compliance levels overall.

While the economy reportedly grew between 6.5-7% during the financial year, key indicators relevant to manufacturing segment including Index of Industrial Production (IIP) continued to indicate volatilities with anemic growth for most of the financial year with some revival during the last quarter of the year.

Steel prices continued to increase during the year reportedly driven by increases in input costs. There were limited options in terms of alternate sourcing through imports in view of tariff barriers. Offsets through price increases on finished goods continued to be limited due to market conditions.

The Investment cycle in the economy was weak for most part of the year with no significant capacity additions in key customer segments the Company deals with.

OUTLOOK, OPPORTUNITIES AND THREATS

The last quarter of the financial year witnessed a few positives with growth in volumes in some segments. There are some references to mild recovery in the capital goods segment. A significantly weakening rupee with surge in fuel

costs are likely to pose challenges in the current fiscal year. Steel price trends could have a strong impact on the prospects as it has been on a rising curve for a prolonged period of time.

We continue to see threats arising from excess capacities in the market and competition from Tier II players in the Industry.

14. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company's internal controls are evaluated by Management and tested by our Auditors. Additionally, the Company is subjected to reviews applicable for Subsidiaries of US headquartered entities. The Company continues to list and evaluate key controls and process to an extent leveraging on the work done as part of its global reporting requirements. The Audit Committee reviews key findings and follow up actions at its meetings. The scope and coverage of internal audits are aligned to have coverage in terms of key controls and locations. The endeavor is to align to the requirements of Internal Control on Financial Reporting (ICFR) framework while leveraging on work done as part of global reporting requirements. Management testing through independent audit teams followed by external testing were done during the year.

The scope of work of Internal Auditors includes review of controls on accounting, financial reporting, statutory and other compliances and operational areas in addition to reviews relating to efficiency and economy in operations.

Our efforts on the above lines are expected to ensure compliance with the requirements of Internal Controls on Financial Reporting.

15. FINANCIAL PERFORMANCE OF THE COMPANY

A. INCOME AND EXPENDITURE

The Company's revenue from Operations (Net) grew by about 13% despite the difficult backdrop with growth from traded items at about 28% during the year.

The Company enhanced its range of product offerings with the introduction of new products. The Company also had steady volumes in terms of exports to related party entities primarily in South East Asian markets.

Service income grew by 70% though on a small base, with increases in activity on R&D support, shared services and related activities undertaken for related party entities based outside of India. We continue to see some potential on this with the resultant foreign exchange earnings helping in offset exchange risks on imports.

Other income fell by 15% with the impact of lower interest rates on income from debt and liquid funds. Materials costs as a percentage to sales were comparable with the previous year after adjustment for Excise duty on Sales.

Overheads including employee costs were lower at 27% of Net Sales and Service Income as against 34% in the previous accounting period. The key variances were primarily on account of;

- Employee benefit expenses were higher by 15% on a comparable basis driven by recruitments primarily on global support functions, wage inflation and higher retirement benefits costs on funding due to reduction in interest rates.
- Higher costs on transportation outwards in line with changes in terms of trade and customer mix.
- Reduction in Excise duty on Sales with the introduction of GST effective July 1, 2017.

The Company has continued to provide for Depreciation at useful lives and rates aligned to the erstwhile Schedule XIV of the Companies Act, 1956 based on a technical evaluation of useful life of assets.

Profit from continuing businesses before exceptional items was higher by 17% over the previous year with the impact of sales growth and control on costs.

B. BALANCE SHEET

A crisis ridden banking sector together with short term GST transition driven disruptions to trade posed significant liquidity challenges for Industry during the year. Your Company continued to have a strong Balance Sheet despite the challenges and ended the year debt free and well positioned for headwinds and growth requirements.

Working capital was reviewed through the year and measures taken to monitor progress and corrective actions for any adverse variances.

The Company had lent a sum of INR 400 Million to a related party entity in India on terms which were benchmarked with market rates and arms' length terms. Cash and Cash equivalents that were invested in debt and liquid funds grew about 12% after adjusting for the loan amount.

Capital Expenditure was about ₹ 1,690 lakhs as against ₹ 1,394 lakhs in the preceding year. The capital expenditure was primarily on productivity improvements, capacity enhancements and upgrading IT systems. As part of a global deal, your Company acquired the welding wires business from Sandvik Asia Private limited in the last quarter of FY 2017-18. No tangible assets are involved in this transaction for the Company.

Inventories were higher by about 16% in value terms in line with volumes growth. Inventory in terms of days to sales was comparable with the previous financial year.

Trade receivables were marginally higher due to change in customer mix.

6. Justification for unspent money out of 2% of the average net profit of the last 3 financial years

The Company has been actively involved in promoting education on safe welding practices including usage of all personal protective equipment during welding to ensure safety of the welders, especially in smaller towns through deployment of consultants. The Company has identified and initiated talks with certain vocational institutions for a possible tie-up where it could contribute by way of education on welding through deployment of personnel and also through contributions in the form of Equipment and/or welding consumables.

The Company's policy on CSR envisages expenditure in areas falling within the purview of Schedule VII of the Companies Act, 2013. The spends are in addition to ongoing initiatives for promoting safe welding

practices, the Company is concentrating on providing employment enhancing vocation / skill development training and promoting livelihood enhancement projects as an identified area. Towards this end, the Company is currently in talks with certain vocational centers / beneficiaries of these projects, understanding their needs, shortlisting the partnering agencies and the implementing NGOs having the necessary expertise in this field. The Company is evaluating plans to scale up the identified CSR activities in a structured and controlled manner to ensure maximum advantage to the relevant communities.

The Company had also embarked on some restructuring exercise at its plants involving significant management time and had incurred expenditures in taking care of the welfare of the employees of these

plants. As a result of all these the Company was not able to expend the full year budgeted figure on CSR projects.

7. Responsibility Statement of the CSR Committee for the implementation and monitoring of CSR policy in compliance with CSR objectives and Policy of the Company.

The Company understands that in order to continue to prosper over the long term, community, environment and society at large must also prosper. The Company's activities are aimed at driving the above values through its initiatives in the areas of education, environment and customer protection and has been committed to improving its initiatives on education and customer protection.

The Company's focus of its CSR activities was on imparting skilled education on welding and customer protection. Being an OHSAS 18001 certified Company, the Company focused mainly on its activities on environment protection. These initiatives are built upon the strong base of performance in environmental sustainability, applicable laws and the Company's CSR policy.

5. Reporting of Internal Auditor

The Company has appointed M/s PKF Sridhar & Santhanam, LLP, Chennai, as the Internal Auditors to do the internal audit of the Company and they report directly to the Audit Committee on a quarterly basis on their findings and corrective actions taken.

Request to Investors

- Investors are requested to communicate change of address, if any, directly to the registrar and share transfer agent of the Company.
- As required by SEBI, investors shall furnish details of their respective bank account number and name and address of the bank for incorporating in the dividend warrants to reduce the risk to them of fraudulent encashment.
- Investors holding shares in electronic form are requested to deal only with their respective depository participant for change of address, nomination facility, bank account number, etc.
- Electronic Clearing Service (ECS) helps in quick remittance of dividend without possible loss / delay in postal transit. Shareholders, who have not earlier availed this facility are requested to register their ECS details with the Share Transfer Agent or their respective Depository Participants.

In terms of SEBI circular no.MRD/DoP/Cir-05/1009 dated 20 May 2009 the shareholders are requested to note that it has now become mandatory to furnish a copy of

Permanent Account Number (PAN) for registration of transfer of shares in physical mode.

- Shareholders who have multiple folios in identical names, are requested to apply for consolidation of such folios and send the relevant share certificates to the Company.
- Investors are requested to note that National Security Depository Limited (NSDL) and Central Depository Services (India) Limited (CDSL) have announced the launch of SMS alert facility for demat account holders whereby shareholders will receive alerts for debits / credits (transfers) to their demat accounts a day after the respective transfers. These alerts will be sent to those account holders who have provided their mobile numbers to their Depository Participants (DPs) and made a request for such services. No charge will be levied by NSDL / CDSL on DPs for providing this facility to investors. Further information is available on the website of NSDL and CDSL viz. www.nsdl.co.in and www.cdslindia.com respectively.
- The Ministry of Corporate Affairs has undertaken a "Green Initiative in the Corporate Governance" by allowing paperless compliances by the companies and issued circulars stating that service of notice, annual report, etc., can be sent by email to their members. Accordingly, the Company has sent a communication dated 16 February, 2017 to all the shareholders who would be interested in getting the annual reports by email. Many shareholders have responded to such requests and accordingly the annual reports for the year 1 April, 2017 to 31 March, 2018, notice of AGM etc., are being sent in electronic form to such shareholders to their respective email ids. This has resulted in reduction of administrative expenditure pertaining to printing and posting of the annual reports to the shareholders. The Company continues to send physical copies of the annual report to those shareholders who have not opted to receive the same through e-mail.
- Members interested in receiving the documents from the Company by email are requested to register their email address, with the Depository Participants (DPs) in case shares are held in dematerialized form and with the share transfer department, in case the shares are held in physical form and also intimate changes, if any, in their registered email addresses to the Company / DPs from time to time.

Auditor's Report on Corporate Governance

Independent Auditor's Report on compliance with the conditions of Corporate Governance as per provisions of Chapter IV of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015

To

The Members of ESAB India Limited

1. The Corporate Governance Report prepared by ESAB India Limited (hereinafter the "Company"), contains details as required by the provisions of Chapter IV of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("the Listing Regulations") with respect to Corporate Governance for the year ended March 31, 2018. This report is required by the Company for annual submission to the Stock exchange and to be sent to the Shareholders of the Company.

Management's Responsibility

2. The preparation of the Corporate Governance Report is the responsibility of the Management of the Company including the preparation and maintenance of all relevant supporting records and documents. This responsibility also includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the Corporate Governance Report.
3. The Management along with the Board of Directors are also responsible for ensuring that the Company complies with the conditions of Corporate Governance as stipulated in the Listing Regulations, issued by the Securities and Exchange Board of India.

Auditor's Responsibility

4. Pursuant to the requirements of the Listing Regulations, our responsibility is to express a reasonable assurance in the form of an opinion whether the Company has complied with the specific requirements of the Listing Regulations referred to in paragraph 3 above.
5. We conducted our examination of the Corporate Governance Report in accordance with the Guidance Note on Reports or Certificates for Special Purposes and the Guidance Note on Certification of Corporate Governance, both issued by the Institute of Chartered

Accountants of India ("ICAI"). The Guidance Note on Reports or Certificates for Special Purposes requires that we comply with the ethical requirements of the Code of Ethics issued by the Institute of Chartered Accountants of India.

6. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.
7. The procedures selected depend on the auditor's judgement, including the assessment of the risks associated in compliance of the Corporate Governance Report with the applicable criteria. Summary of key procedures performed include:
 - i. Reading and understanding of the information prepared by the Company and included in its Corporate Governance Report;
 - ii. Obtained and verified that the composition of the Board of Directors w.r.t executive and non-executive directors has been met throughout the reporting period;
 - iii. Obtained and read the Directors Register as on March 31, 2018 and verified that atleast one women director was on the Board during the year;
 - iv. Obtained and read the minutes of the following committee meetings held April 1, 2017 to March 31, 2018:
 - (a) Board of Directors meeting;
 - (b) Audit committee;
 - (c) Annual general meeting;
 - (d) Nomination and remuneration committee;
 - (e) Stakeholders Relationship committee;
 - (f) Risk management committee; and
 - (g) Corporate social responsibility committee.

- v. Obtained necessary representations and declarations from directors of the Company including the independent directors; and
- vi. Performed necessary inquiries with the management and also obtained necessary specific representations from management.

The above-mentioned procedures include examining evidence supporting the particulars in the Corporate Governance Report on a test basis. Further, our scope of work under this report did not involve us performing audit tests for the purposes of expressing an opinion on the fairness or accuracy of any of the financial information or the financial statements of the Company taken as a whole.

Opinion

- 8. Based on the procedures performed by us as referred in paragraph 7 above, and according to the information and explanations given to us, we are of the opinion that the Company has complied with the conditions of Corporate Governance as stipulated in the Listing Regulations, as applicable for the year ended March 31, 2018, referred to in paragraph 2 above.

Other matters and Restriction on Use

- 9. This report is neither an assurance as to the future viability of the Company nor the efficiency or

effectiveness with which the management has conducted the affairs of the Company.

- 10. This report is addressed to and provided to the members of the Company solely for the purpose of enabling it to comply with its obligations under the Listing Regulations with reference to compliance with the relevant regulations of Corporate Governance and should not be used by any other person or for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care or for any other purpose or to any other party to whom it is shown or into whose hands it may come without our prior consent in writing. We have no responsibility to update this report for events and circumstances occurring after the date of this report.

Independent Auditors' Report

to the Members of ESAB INDIA LIMITED

Report on the Ind AS Financial Statements

We have audited the accompanying Ind AS financial statements of ESAB India Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss, including the Statement of Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and significant accounting policies.

Management's Responsibility for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2016, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with

ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure 1 a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;

- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- (c) The Balance Sheet, Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
- (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the Companies (Indian Accounting Standards) Rules, 2016, as amended;
- (e) On the basis of written representations received from the directors as on March 31, 2018, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2018, from being appointed as a director in terms of section 164 (2) of the Act;
- (f) With respect to the adequacy of the internal controls over financial reporting of the Company with reference to these Ind AS financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;

- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i) The Company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements - Refer Note 37 to the Ind AS financial statements;
- ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
- iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Annexure 2 to the Independent Auditors' Report of even date on the Ind AS financial statements of ESAB India Limited

ESAB INDIA LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of ESAB India Limited ("the Company") as of March 31, 2018 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these financial statement based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls

system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material

misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018,

based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to financial statements for the year ended March 31, 2018

(All amounts are in lakhs of Indian rupees, unless otherwise stated)

1. Company Overview

ESAB India Limited ("the Company") was incorporated on November 10, 1987 and commenced its business operations in July 1988. The Company is a Public Limited Company domiciled in India and has its primary listings on Bombay Stock Exchange Limited and National Stock Exchange of India Limited in India. The registered office of the Company is located at No.13, 3rd Main Road, Ambattur Industrial Estate, Chennai - 600 058, India. The Company is engaged in the business of welding consumables i.e. welding electrodes, copper coated wires, flux cored wires and welding fluxes and of welding equipment i.e. welding machines and cutting equipments. The Company caters to both domestic and international markets.

The financial statements were authorized for issue in accordance with a resolution of the directors on May 30, 2018.

2. Significant Accounting Policies

2.1 Basis of Preparation

The financial statements of the Company have been prepared in accordance with Indian accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2016. For all periods up to and including the year ended March 31, 2017, the Company prepared its financial statements in accordance with accounting standards notified under the section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the Companies (Indian Accounting Standards) Rules, 2016, as amended. These financial statements for the year ended March 31, 2018 are the first the Company has prepared in accordance with Ind AS.

Refer note 40 for information on adoption of Ind AS by the Company. The financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments). The financial statements are presented in ₹ and all values are rounded to the nearest lakhs, except when otherwise indicated.

2.2 Summary of Significant Accounting Policies

a) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;

- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

b) Foreign currency transactions and balances

Financial Statements are presented in Indian rupees (₹) which is also the functional currency of the Company. Transactions in foreign currencies are initially recorded by the functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in statement of profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

c. Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or

In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

Notes to the Financial Statements

for the year ended March 31, 2018

(All amounts are in lakhs of Indian rupees, unless otherwise stated)

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use of selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate under the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

(i)	Level 1	Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
(ii)	Level 2	Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
(iii)	Level 3	Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarizes accounting policy for fair value. Other fair value related disclosures are given in the relevant notes to the financial statements.

d. Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks. The specific recognition criteria described below must also be met before revenue is recognised.

Sale of goods:

Revenue from the sale of goods is recognised when the goods are despatched or appropriated in accordance with the terms of sale at which time the title and significant risks and rewards of ownership pass to the customer. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

Revenue is inclusive of excise duty and is reduced for estimated customer returns, commissions, rebates and discounts, and other similar allowances.

The revenue for the year ended is reported gross of excise duty. Excise duty is charged to statement of profit and loss under other expenses.

Rendering of services:

Revenue from services is recognised when the services are rendered in accordance with the specific terms of contract and when collectability of the resulting receivable is reasonably assured.

Dividend income:

Dividend / profit on sale of investments is recognised when the Company's right to receive payment has been established.

Interest Income:

Interest income from financial assets is recognised at the effective interest rate method applicable on initial recognition. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

Export Benefits:

Income from export incentives such as served from Service Exports from India Scheme (SEIS) are recognised when there is reasonable assurance that the grant will be received and all attached conditions will be complied with. Export Benefits are recognised on export of products and services on availment of any such benefits, as applicable.

e. Income Taxes

(i) Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the country where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Notes to the Financial Statements

for the year ended March 31, 2018

(All amounts are in lakhs of Indian rupees, unless otherwise stated)

(ii) Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except when the deferred tax liability arises from an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except when the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

f. Property, plant and equipment

Property, Plant and Equipment held for use in the production or supply of goods or services, or for administrative purposes, are stated in the Balance Sheet at cost less accumulated depreciation and impairment losses, if any. The cost of an asset comprises its purchase price or its construction cost (net of applicable tax credits), any cost directly attributable to bring the asset into the location and condition necessary

for it to be capable of operating in the manner intended by the Management. Such cost includes the cost of replacing part of the plant and equipment and professional fees. Any trade discounts and rebates are deducted in arriving at the purchase price. Parts of an item of Property plant and equipment having different useful lives and significant value and subsequent expenditure on Property, Plant and Equipment arising on account of capital improvement or other factors are accounted for as separate components. All other repair and maintenance costs are recognised in profit or loss as incurred.

Items of stores and spares that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life. Otherwise, such items are classified as inventories.

The Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as of April 1, 2016 (the transition date) measured as per the previous GAAP and use such carrying value as its deemed cost as of the transition date.

Capital work in progress is stated at cost, less any recognised impairment loss. Such assets are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, commences when the assets are ready for their intended use.

Depreciation is provided on the cost of Property plant and equipment (other than leasehold land) less their residual values, using the straight line method over the useful life of Property plant and equipment as stated in the Schedule II to the Companies Act, 2013 or based on technical assessment by the Company. The Company has used the following rates to provide depreciation on its property, plant and equipment.

Particulars	Useful Life
Leasehold Land	95- 99 years
Buildings	30 - 60 years
Plant & Machinery	4 - 21 years
Furniture and Fixtures	16 years
Vehicles	6 years

The estimated useful lives, residual values and depreciation method are reviewed on an annual basis and if necessary, changes in estimates are accounted for prospectively.

Depreciation on additions/deletions to Property plant and equipment during the year is provided for on a pro-rata basis with reference to the date of additions/deletions.

Depreciation on subsequent expenditure on Property plant and equipment arising on account of capital improvement or other factors is provided for prospectively over the remaining useful life.

Notes to the Financial Statements

for the year ended March 31, 2018

(All amounts are in lakhs of Indian rupees, unless otherwise stated)

Depreciation on refurbished/revamped Property plant and equipment which are capitalized separately is provided for over the reassessed useful life.

An item of Property plant and equipment is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of Property plant and equipment is determined as the difference between the net sales proceeds and the carrying amount of the asset and is recognised as in the Statement of Profit and Loss.

g. Intangible Assets

The Company has elected to continue with the carrying value of all of its intangible assets recognised as of April 1, 2016 (the transition date) measured as per the previous GAAP and use such carrying value as its deemed cost as of the transition date.

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight line basis over their estimated useful lives from the date of capitalisation. The estimated useful life is reviewed at the end of each reporting period and the effect of any changes in estimate being accounted for prospectively.

Computer software are amortized on a straight line basis over a period of 4 years.

Intangible assets is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset, and recognised in the Statement of Profit and Loss when the asset is derecognised.

h. Non-current assets held for sale

Non-current assets classified as held for sale are measured at the lower of carrying amount and fair value less costs to sell.

Non-current assets are classified as held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such assets. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification as held for sale, and actions required to complete the plan of sale should indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn. Any write-down is recognized in the statement of profit and loss.

i. Impairment of tangible and intangible assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGU's to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industry or country in which the entity operates, or for the market in which the asset is used.

Impairment losses of continuing operations are recognised in the statement of profit and loss.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

j. Inventories

Inventories are valued at the lower of cost and net realisable value. Costs incurred in bringing each product to its present location and condition are accounted for as follows:

Raw materials:

Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on first in, first out basis.

Finished goods and work in progress:

Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity. Cost is determined on first in, first out basis.

Traded goods:

Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on first in, first out basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

Stores and spares which do not meet the definition of property, plant and equipment are accounted as inventories.

k. Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement. In respect of agreements entered into by the Company before the date of transition to Ind AS, the Company has evaluated the transaction based on facts and conditions as at the transition date.

Company as a lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease. Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's general policy on the borrowing costs. A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term. Operating lease payments

are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term.

l. Retirement and other employee benefits

Employee benefits include salaries, wages, provident fund, gratuity, pension, compensated absences and other termination benefits.

i. Defined contribution plans

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognises contribution payable to the provident fund scheme as an expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre payment will lead to, for example, a reduction in future payment.

ii. Defined benefit plans

The Company operates two defined benefit plans for its employees, viz., gratuity and pension. The costs of providing benefits under these plans are determined on the basis of actuarial valuation at each year-end. Separate actuarial valuation is carried out for each plan using the projected unit credit method. Actuarial gains and losses for both defined benefit plans are recognized in full in the period in which they occur in other comprehensive income(OCI). The Company has funded this with Life Insurance Corporation of India ('LIC').

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognized in statement of profit and loss on the earlier of:

- (i) The date of plan amendment or curtailment, and
- (ii) The date that the Company recognizes related restructuring costs.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognizes the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- (i) Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- (ii) Net interest expense or income

iii. Other employee benefits

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the period-end. Actuarial gains/losses are immediately taken to other comprehensive income and are not deferred. The Company presents the leave as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date. Where Company has the unconditional legal and contractual right to defer the settlement for a period beyond 12 months, the same is presented as non-current liability.

iv. Voluntary Separation Scheme

Expenditure on Voluntary Separation Scheme (VSS) is charged to the Statement of Profit and Loss when incurred.

m. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Warranty provision

The Company provides normal warranty provisions for one year on all its products sold, in line with the industry practice. Provisions for warranty-related costs are recognized as and when the products are sold to customers. Estimates are established using historical information as to the nature, frequency, and average costs of warranty claims. The estimate of such warranty-related costs is revised annually.

n. Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company. It includes a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. It also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

o. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i. Financial Assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purpose of subsequent measurement, financial assets are classified in the following categories:

- (i) Debt instruments at amortised cost; and
- (ii) Debt instruments at fair value through profits or loss (FVTPL)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met.

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows and
- b) Contract terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discounts or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognized in the profit or loss. This category generally applies to trade and other receivables for more information on receivables, refer to Note 9.

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instruments, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as FVTPL. However, such election is allowed only if doing so reduces or eliminates measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Derecognition

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognized in the Statement of Profit and Loss

Impairment of financial assets

The Company assesses at each balance sheet date whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to 12 month expected credit losses or at an amount equal to lifetime expected losses, if the credit risk on the financial asset has increased significantly since initial recognition.

Trade receivables

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original Effective interest rate.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income / expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the P&L.

Financial assets measured as at amortised cost - ECL is presented as an allowance, i.e., as an integral part of the

measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

ii. Financial Liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss or payables, as appropriate. All financial liabilities are recognised initially at fair value. The Company's financial liabilities include trade and other payables.

Subsequent measurement

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to statement of profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

Derecognition

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit and Loss.

iii. Reclassification of financial assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the

Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the

first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

Original classification	Revised classification	Accounting treatment
Amortised cost	FVTPL	Fair value is measured at reclassification date. Difference between previous amortized cost and fair value is recognized in P & L
FVTPL	Amortised cost	Fair value at reclassification date becomes its new gross carrying amount. EIR is calculated based on the new gross carrying amount.
Amortised cost	FVTOCI	Fair value is measured at reclassification date. Difference between previous amortised cost and fair value is recognized in OCI. No change in EIR due to reclassification.
FVTOCI	Amortised cost	Fair value at reclassification date becomes its new amortised cost carrying amount. However, cumulative gain or loss in OCI is adjusted against fair value. Consequently, the asset is measured as if it had always been measured at amortised cost.
FVTPL	FVTOCI	Fair value at reclassification date becomes its new carrying amount. No other adjustment is required.
FVTOCI	FVTPL	Assets continue to be measured at fair value. Cumulative gain or loss previously recognized in OCI is reclassified to P & L at the reclassification date.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

p. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

q. Cash dividend

The Company recognises a liability to make cash distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Company, i.e. liability is accrued on the date of authorisation. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

r. Earnings per share

Basic earnings per share are computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

2.3 Standards issued but not yet effective

The amendments to standards that are issued, but not yet effective, up to the date of issuance of the Company's financial statements are disclosed below. The Company intends to adopt these standards, if applicable, when they become effective.

The Ministry of Corporate Affairs (MCA) has issued the Companies (Indian Accounting Standards) Amendment Rules, 2017 and Companies (Indian Accounting Standards) Amendment Rules, 2018 amending the following standard.

Ind AS 115 Revenue from Contracts with Customers

Ind AS 115 was notified on 28 March, 2018 and establishes a five-step model to account for revenue arising from contracts with customers. Under Ind AS 115, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The new revenue standard will supersede all current revenue recognition requirements under Ind AS. This new standard requires revenue to be recognized when promised goods or services are transferred to customers in amounts that reflect the consideration to which the Company expects to be entitled in exchange for those goods or services. Adoption of the new rules could affect the timing of revenue recognition for certain transactions of the Company.

Ind AS 115 is effective for the Company in the first quarter of the financial year ending March 31, 2019 using either one of two methods:

- retrospectively to each prior reporting period presented in accordance with Ind AS 8 Accounting Policies, Changes in Accounting Estimates and Errors, with the

option to elect certain practical expedients as defined within Ind AS 115 (the full retrospective method); or

- (ii) retrospectively with the cumulative effect of initially applying Ind AS 115 recognized at the date of initial application (1 April 2018) and providing certain additional disclosures as defined in Ind AS 115 (the modified retrospective method).

The Company continues to evaluate the available transition methods and its contractual arrangements. The ultimate impact on revenue resulting from the application of Ind AS 115 will be subject to assessments that are dependent on many variables, including, but not limited to, the terms of the contractual arrangements and the mix of business. The Company's considerations also include, but are not limited to, the comparability of its financial statements and the comparability within its industry from application of the new standard to its contractual arrangements.

The Company shall establish an implementation team to implement Ind AS 115 related to the recognition of revenue from contracts with customers and it continues to evaluate the changes to accounting system and processes, and additional disclosure requirements that may be necessary. A reliable estimate of the quantitative impact of Ind AS 115 on the financial

statements will only be possible once the implementation project has been completed.

Amendments to Ind AS 12 Recognition of Deferred Tax Assets for Unrealised Leases

The amendments clarify that an entity needs to consider whether tax law restricts the sources of taxable profits against which it may make deductions on the reversal of that deductible temporary difference. Further more, the amendments provide guidance on how an entity should determine future taxable profits and explain the circumstances in which taxable profit may include the recovery of some assets for more than their carrying amount.

Entities are required to apply the amendments retrospectively. However, on initial application of the amendments, the change in the opening equity of the earliest comparative period may be recognised in opening retained earnings (or in another component of equity, an appropriate), without allocating the change between opening retained earnings and other components of equity. Entities applying this relief must disclose that fact.

These amendments are effective for annual periods beginning on or after 1 April, 2018. These amendments are not expected to have any impact on the Company.

* The Company has elected to continue with the carrying value of all of its property, plant and equipment and intangible assets recognised as at April 1, 2016 (the transition date) measured as per the previous GAAP as its deemed cost as of the transition date. Accordingly, the gross block as at April 1, 2016 is net of accumulated depreciation/ amortisation and impairment of ₹ 12,129.

** Freehold land includes land held for sale. The Company has discontinued its operations of the Consumable plant at Khardah factory at Kolkata during the year ended March 31, 2015. The Company has entered into a Memorandum of Understanding (MOU) with the prospective buyer on March 14, 2017 to sell the land at this premises. The carrying value of the land as at March 31, 2018 amounts to ₹ 196 (March 31, 2017 ₹ 102) and the same has been reclassified as asset held for sale (refer note 14). The Company has obtained advance for sale of the aforesaid land amounting to ₹ 250 (refer note 20).

*** During the year, the Company has recognised impairment loss identified as assets not in use. The losses have been recognised in the statement of profit and loss under "Exceptional items" (refer note 27).

ESAB INDIA LIMITED

28. Earnings per share (EPS)

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of Equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit attributable to equity holders by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

	31-Mar-18	31-Mar-17
Profit for the year (₹)	3,715	2,686
Weighted average number of Equity shares for EPS	15,393,020	15,393,020
Basic and Diluted earnings per share	24.13	17.45

29. Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, securities premium and all other equity reserves attributable to the equity shareholders. The primary objective of the Company's capital management is to maximise the shareholder value.

30. Major Financial risk management objectives

The Company is exposed to certain financial risks that could have significant influence on the Company's business and operational/ financial performance. These include market risk (including commodity price risk, currency risk and interest rate risk), credit risk and liquidity risk.

The Management reviews and approves risk management framework and policies for managing these risks and monitor suitable mitigating actions taken by the management to minimise potential adverse effects and achieve greater predictability to earnings.

In line with the overall risk management framework and policies, the treasury function provides services to the business, monitors and manages through an analysis of the exposures by degree and magnitude of risks. The Company does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

Market Risk

Market risk is the risk or uncertainty arising from possible market price movements and their impact on the future performance of a business. The major components of market risk are commodity price risk, foreign currency exchange risk and interest rate risk.

Commodity Price Risk

The primary commodity price risks that the Company is exposed to includes steel price movement that could adversely affect the value of the Company's financial assets or expected future cash flows. The Company primarily enters into monthly contracts and revisits the prices periodically.

Foreign Currency Risk Management

The Company imports raw materials, components and capital good from outside India, incurs few expenditure as well as make export sales to countries outside India. The Company is, therefore, exposed to foreign currency risk principally arising out of foreign currency movement against the Indian Currency.

Unhedged foreign currency

The carrying amounts in Indian Rupees of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

As on March 31, 2018:

Particulars	Gross exposure	Exposure hedged	Net liability exposure on the currency
Impact of USD exposure	(545)	—	(545)
Impact of EURO exposure	(121)	—	(121)
Net overall exposure - net assets / (net liabilities)	(666)	—	(666)

Notes to the Financial Statements

for the year ended March 31, 2018

(All amounts are in lakhs of Indian rupees, unless otherwise stated)

As on March 31, 2017:

Particulars	Gross exposure	Exposure hedged	Net liability exposure on the currency
Impact of USD exposure	(497)	–	(497)
Impact of EURO exposure	(147)	–	(147)
Net overall exposure - net assets / (net liabilities)	(644)	–	(644)

As on April 1, 2016:

Particulars	Gross exposure	Exposure hedged	Net liability exposure on the currency
Impact of USD exposure	(538)	–	(538)
Impact of EURO exposure	(115)	–	(115)
Net overall exposure - net assets/ (net liabilities)	(653)	–	(653)

Foreign currency sensitivity analysis:

Movement in the functional currencies of the various operations of the Company against major foreign currencies may not impact the Company's revenues from its operations. Any weakening of the functional currency may not impact the Company's cost of imports and consequently may not significantly impact the cost of financing the Company's capital expenditures.

Interest rate risk management

The Company is not exposed to interest rate risk because of absence of debt.

Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of dealing only with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults.

Trade receivables consist of a large number of customers, spread across India. Ongoing credit evaluation is performed on the financial condition of accounts receivable.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure is the total of the carrying amount of balances with banks, trade receivables and other financial assets.

The Company has provided for trade receivables amounting to ₹ 583 (March 31, 2017: ₹ 418, April 1, 2016: ₹ 380) as there was no reasonable expectations of recovery.

Liquidity risk management

The Company manages liquidity risk by maintaining adequate reserves, banking facilities and by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The Company manages liquidity risk by maintaining sufficient cash and cash equivalents including bank deposits and availability of funding through an adequate amount of committed credit facilities to meet the obligations when due. Management monitors rolling forecasts of liquidity position and cash and cash equivalents on the basis of expected cash flows. In addition, liquidity management also involves projecting cash flows considering level of liquid assets necessary to meet obligations by matching the maturity profiles of financial assets & liabilities and monitoring balance sheet liquidity ratios.

Liquidity tables:

The following tables detail the Company's remaining contractual maturity for its financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

36. Significant accounting judgements, estimates and assumptions

The preparation of the Company's Financial Statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the Financial Statements.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the Financial Statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF (Discounted Cash Flow) model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU (Cash Generating Unit) being tested. The recoverable amount is sensitive to the discount rate used for the DCF (Discounted Cash Flow) model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

Deferred income taxes

The Company's tax expense for the year is the sum of the total current and deferred tax charges. The calculation of the total tax expense necessarily involves a degree of estimation and judgement in respect of certain items. A deferred tax asset is recognised when it has become probable that future taxable profit will allow the deferred tax asset to be recovered. Recognition, therefore involves judgement regarding the prudent forecasting of future taxable gains and profits of the business.

Defined benefit plans

The cost of the defined benefit plan and other post-employment benefits and the present value of the obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. Further details about defined benefit obligations are given in Note 34.

Terms and conditions of transactions with related parties

The sales to and purchases from related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year-end are unsecured and interest free and settlement occurs in cash. There have been no guarantees provided or received for any related party receivables or payables except for corporate guarantee from Colfax Corporation, the Ultimate Holding Company for the loan granted to Howden Solyvent (India) Private Limited. For the year ended March 31, 2018, the Company has not recorded any impairment of receivables relating to amounts owed by related parties (March 31, 2017: Nil, April 01, 2016: Nil). This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

40. FIRST-TIME ADOPTION OF IND AS

These financial statements, for the year ended March 31, 2018, are the first the Company has prepared in accordance with Ind AS. For periods up to and including the year ended March 31, 2017, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the Companies (Indian Accounting Standards) Rules, 2016, as amended.

Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for periods ended on March 31, 2018, together with the comparative period data as at and for the year ended March 31, 2017, as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at April 1, 2016, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at April 1, 2016 and the financial statements as at and for the year ended March 31, 2017.

Exemptions applied:

Ind AS 101 allows first-time adopters certain exemptions from the retrospective location of certain requirements under Ind AS. The Company has applied the following exemptions:

Deemed cost for property, plant and equipment and intangible assets

Since there is no change in the functional currency, the Company has elected to continue with the carrying value as at April 1, 2016 for all of its intangibles and property plant & equipment as recognised in its Previous GAAP financial as deemed cost at the transition date.

Notes to the Financial Statements

for the year ended March 31, 2018

(All amounts are in lakhs of Indian rupees, unless otherwise stated)

Mandatory exceptions

Estimates

The estimates at April 1, 2016 and at March 31, 2017 are consistent with those made for the same dates in accordance with Indian GAAP (after adjustments to reflect any differences in accounting policies) apart from impairment of financial assets based on expected credit loss model where application of Indian GAAP did not require estimation.

The estimates used by the Company to present these amounts in accordance with Ind AS reflect conditions at April 1, 2016 (i.e. the date of transition to Ind-AS) and as of March 31, 2017.

Effect of the Transition to Ind AS

Reconciliations of the Company's balance sheets prepared under Indian GAAP and Ind AS as of April 1, 2016 and March 31, 2017 are also presented in Note 41 & 42. Reconciliations of the Company's income statements for the year ended March 31, 2017 prepared in accordance with Indian GAAP and Ind AS in Note 43.

Foot notes to the reconciliation of equity as at April 1, 2016 and March 31, 2017 and profit or loss for the year ended March 31, 2017

A. Property, plant and equipments and intangible assets

The Company has elected to continue with the carrying value of all of its property, plant and equipment and intangible assets recognised as at April 1, 2016 (the transition date) measured as per the previous GAAP as its deemed cost as of the transition date. Accordingly, the gross block as at April 1, 2016 is net of accumulated depreciation/ amortisation and impairment of ₹ 12,129 (refer note 3). Further, in line with Ind AS 105, the Company has re-classified the Land at Khardah to Assets held for sale (refer note 14).

B. Security Deposits

Under Indian GAAP, interest free lease security deposits (that are refundable in cash on completion of the lease term) are recorded at their transaction value. Under Ind AS, all financial assets are required to be recognised at fair value. Accordingly, the Company has fair valued these security deposits under Ind AS. Difference between the fair value and transaction value of the security deposit has been recognised as prepaid rent. The prepaid rent is amortised over the period of the deposit.

C. Investments Carried at fair value through P&L

Under Indian GAAP, the Company accounted for investments in unquoted mutual funds as investment measured at the lower of cost or market value. Under Ind AS, the Company has measured such investments at fair value. The difference between fair value and Indian GAAP carrying amount has been recognized in retained earnings.

D. Deferred tax

Indian GAAP requires deferred tax accounting using the income statement approach, which focuses on differences between taxable profits and accounting profits for the period. Ind AS 12 requires entities to account for deferred taxes

Notes to the Financial Statements

for the year ended March 31, 2018

(All amounts are in lakhs of Indian rupees, unless otherwise stated)

ESAB INDIA LIMITED

using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. The application of Ind AS 12 approach has resulted in recognition of deferred tax on new temporary differences which was not required under Indian GAAP.

In addition, the various transitional adjustments lead to temporary differences. According to the accounting policies, the Company has to account for such differences. Deferred tax adjustments are recognised in correlation to the underlying transaction either in retained earnings or a separate component of equity. On the date of transition, the net impact on deferred tax liabilities is of ₹ 54 (April 1, 2016: ₹ 43).

E. Proposed Dividend

Under Indian GAAP, proposed dividends including DDT were recognised as a liability in the period to which they relate, irrespective of when they are declared till March 2016. From financial year ending on March 2017, dividend declared after the balance sheet is not considered as an adjusting event. Thus, the opening Ind AS balance sheet as on 1 April 2016 has a liability recognized. Under Ind AS, a proposed dividend is recognised as a liability in the period in which it is declared by the company (usually when approved by shareholders in a general meeting) or paid.

In the case of the Company, the declaration of dividend occurs after period end. Therefore, the liability of ₹ 185 for the year ended on 31 March 2016 recorded for dividend has been derecognised against retained earnings on 1 April 2016.

F. Sale of goods

Under Indian GAAP, sale of goods was presented as net of excise duty. However, under Ind AS, sale of goods includes excise duty. Excise duty on sale of goods is separately presented on the face of statement of profit and loss. Thus sale of goods under Ind AS has increased by ₹ 4,370 (April 1, 2016 - ₹ 4,402) with a corresponding increase in other expense.

G. Other Comprehensive Income

Both under Indian GAAP and Ind AS, the Company recognised costs related to its post-employment defined benefit plan on an actuarial basis. Under Indian GAAP, the entire cost, including actuarial gains and losses, are charged to profit or loss. Under Ind AS, remeasurements [comprising of actuarial gains and losses, and the return on plan assets excluding amounts included in net interest on the net defined benefit liability] are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI. Thus the employee benefit cost is increased by ₹ 93 for the year 2016-17 and remeasurements gains / losses on defined benefit plans has been recognized in the OCI net of tax.

H. Under IND AS, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the trade receivables.

I. Under the previous GAAP, leases need to be straight-lined over the period of non-cancellable term. As per Ind AS 17, lease payments under an operating lease shall be recognised as an expense on a straight-line basis over the lease term unless either another systematic basis is more representative of the time pattern of the user's benefit even if the payments to the lessors are not on that basis or the payments to the lessor are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases. Since the payments to the lessor does not vary because of any factors other than general inflation, the Company has recognised expense on a straight-line basis.

Statement of cash flows

The transition from Indian GAAP to Ind AS has not had a material impact on the statement of cash flows.
