

# Madhya Pradesh eyes over ₹1 trn investments

Adani group promises investments of ₹75K cr; will generate 15,000 jobs

SANJEEB MUKHERJEE  
Ujjain, 1 March

Madhya Pradesh Chief Minister Mohan Yadav on Friday expressed hope that the Regional Investor Conclave, being held in Ujjain, would draw in investment worth over ₹1 trillion to the state.

Of this, Adani Group has promised to put in ₹75,000 crore.

Addressing industry leaders, Yadav said the fact that this event was being held in Ujjain and not Indore, where it had always taken place earlier, showed the commitment of the government to ensure all-round development.

He said similar conclaves would be held in Jabalpur, Gwalior, and Rewa.

Yadav took over from Shivraj Singh Chouhan in December after election victory.

Meanwhile, the director of Adani Enterprises, Pranav Adani, said the planned investment of ₹75,000 crore would generate 15,000 direct and indirect jobs.

“₹5,000 crore will be utilised to build the Mahakaal Expressway, from Ujjain to Bhopal, through Indore. Another ₹5,000 crore will be used to set up a clinker unit of four million tonnes per annum in Chorgadi and two cement-grinding units, in Dewas and Bhopal, with a combined capacity of eight million tonnes per annum,” Adani said.

He said over ₹4,000 crore would go to natural resources and another ₹600 crore would be invested in food processing, logistics and agri-logistics, and defence manufacturing.

Adani said the group's biggest investment would be in enhancing Madhya Pradesh's access to plentiful, reliable, and affordable power.

“Investment close to ₹30,000 crore is being made to ramp up power generation capacity at the Mahan Energy plant, in

Madhya Pradesh Chief Minister Mohan Yadav during the inauguration of the Investor Summit in Ujjain, on Friday

PHOTO: PTI

Singrauli, from its current 1,200 Mw to 4,400 Mw. Adani Group will invest close to ₹28,000 crore to set up pumped storage projects of 3,410 Mw,” Adani said.

Yadav issued land-allotment letters of around 508 hectares to nearly 250 industrial houses. Those promise almost 20,000 new jobs in the state.

Investment envisaged in these units is close to ₹12,170 crore.

He also held simultaneous ground-breaking ceremonies remotely for 61 industrial units spread across the state. Those together commanded an investment of ₹10,064 crore.

Yadav was joined by local legislators and state units of companies that were

allocated land.

He said under the leadership of Prime Minister Narendra Modi, India's gross domestic product growth was dazzling the world, which saw the country as “a beacon of hope”. He said the world and Madhya Pradesh were looking towards industrialists with hope and vision.

Earlier, addressing the gathering, Micro, Small and Medium Enterprises (MSMEs) Minister Chaitanya Kashyap said there were around 35 industrial clusters in the state and the ongoing scheme of 40 per cent capital subsidy for MSMEs was becoming popular.

## BJP’s poll body mulls over LS candidates for nearly 16 states

PRESS TRUST OF INDIA  
New Delhi, 1 March

The Bharatiya Janata Party's (BJP's) Central Election Committee (CEC) in its meeting for deciding Lok Sabha poll candidates has deliberated on the party's nominees for nearly 16 states amid indications that several heavyweights may figure in the first list.

The CEC members, which included Prime Minister Narendra Modi, party's national president J P Nadda and Union ministers Amit Shah and Rajnath Singh, pored over the probabilities for states like Uttar Pradesh, Madhya Pradesh, Gujarat, Rajasthan, Assam, Chhattisgarh, and Delhi among others to finalise the nominees.

The CEC meeting, which began around 10:30 pm on Thursday and lasted for more than five hours, was held at the

party headquarters. Before that, Shah and Nadda had met Modi at his residence to hold consultations, sources said.

They said the first list may have the names of Modi, Shah and Singh from their current seats Varanasi, Gandhinagar and Lucknow respectively besides several Union ministers, including some who will be contesting Lok Sabha polls after having served in Rajya Sabha. The list may have over 110 names, they said, adding that the party will continue with its practice of dropping a significant number of incumbent MPs on account of their performance as well as political imperatives. States like Bihar and Maharashtra where the BJP has key allies, or the states where the party is open to an alliance, as in Andhra Pradesh, have not figured in the discussion so far.

## Modi slams TMC over Sandeshkhali

PRESS TRUST OF INDIA  
Arambagh (West Bengal), 1 March

Prime Minister Narendra Modi on Friday launched a no-holds-barred attack against the Mamata Banerjee-led TMC government in West Bengal over atrocities on women in Sandeshkhali, and said that the entire country is seething with anger over the issue and asked people to defeat her in the upcoming Lok Sabha polls.

Modi also criticised INDIA bloc for keeping silent on the Sandeshkhali atrocities and likened their inaction to the “three monkeys” of Mahatma Gandhi. The monkeys symbolise the phrase ‘see no evil, talk no evil and hear no evil’.

Modi chastised the TMC and its leadership, accusing them of audacity and shamelessness in their treatment of women in Sandeshkhali.

Speaking at a rally in

Prime Minister Modi during a rally at Arambagh on Friday

Arambagh, Hooghly district, he said, “The whole country is sad and is seething with anger after seeing what the TMC, which beats the drum of Maa, Mati, and Manush, has done to the sisters of Sandeshkhali.” “The TMC leader crossed all limits of audacity with the sisters and daughters in Sandeshkhali. What TMC has done to the sisters of Sandeshkhali is a matter of shame,” he said.

## In Aatmanirbhar push, MoD makes indigenous purchases worth ₹40K cr

AJAI SHUKLA  
New Delhi, 1 March

The Ministry of Defence (MoD) on Friday signed five major capital acquisition contracts worth ₹39,125 crore as part of the ‘Make-in-India’ initiative to bolster indigenous capabilities and reduce dependency on foreign original equipment manufacturers (OEMs).

Of the five contracts, one was with Hindustan Aeronautics Limited (HAL) for the procurement of aero engines for MiG-29 aircraft. Two were with Larsen & Toubro (L&T) for procurement of close-in weapon systems (CIWS) and high-power radars (HPR), and the other two were with BrahMos Aerospace Private Limited (BAPL) for procurement of BrahMos missiles and ship-borne BrahMos systems for the navy. Portraying these purchases as triumphs of aatmanirbharta (self-sufficiency), the MoD said: “The deals will further strengthen indigenous capabilities, save foreign exchange and reduce dependency on foreign original equipment manufacturers (OEMs)” in the future.

The contract for RD-33 aero engines for MiG-29 aircraft was signed with HAL at a cost of ₹5,249 crore. The aero engines will be produced by the Koraput Division of HAL. They are expected to help the Indian Air Force (IAF) by maintaining the operational capability of the MiG-29 fleet for its residual service life.

### HOME RUN

₹5,249 crore: Contract for RD-33 aero engines for MiG-29 aircraft signed with HAL

₹7,669 crore: Procurement of CIWS signed with L&T

₹5,700 crore: Procurement of HPR signed with L&T

₹19,519 crore: For BrahMos missiles built by BrahMos Aerospace

₹988 crore: For buying ship-borne BrahMos systems with BrahMos

The aero-engines will be manufactured under a Transfer of Technology (TOT) licence from the Russian OEM. The programme will indigenous several high-value critical components of the RD-33 aero-engines, which would increase the indigenous content of future repair and overhaul (ROH) tasks.

The contract for procurement of CIWS was signed with L&T at a cost of ₹7,669 crore. The CIWS will provide terminal air defence to select locations in the country. The project will boost the participation of Indian aerospace and defence industries, including micro, small and medium enterprises (MSMEs). It will generate

direct and indirect employment for 2,400 people annually for five years.

The deal for procurement of HPR has also been signed with L&T at ₹5,700 crore. It will replace the IAF's existing long-range radars with modern “active aperture phased array”-based HPR with advanced surveillance features that will significantly enhance the terrestrial air defence capabilities of the IAF. This will boost indigenous radar manufacturing technology by being the first such radar built by the private sector. It will provide direct and indirect employment to about 1,000 people annually for five years.

The contract for BrahMos missiles has been signed with BrahMos Aerospace for ₹19,519 crore.

These missiles would meet the combat, outfit and training requirements of the Indian Navy. It is likely to generate employment of nine lakh man-days in the BrahMos joint venture and 135 lakh man-days in ancillary industries, including MSMEs.

The contract for buying ship-borne BrahMos systems has also been signed with BrahMos Aerospace for ₹988 crore. The BrahMos is the navy's primary weapon for maritime strike operations from frontline warships, striking land or sea targets from extended ranges, with pinpoint accuracy, at supersonic speeds. The project is likely to generate employment of around 60,000 man-days over 7-8 years.
